

## **Are my pedals compatible with the Mousetrap Pedal Adapters?**

The mousetrap pedal adapters are ONLY compatible with SPD-style clipless pedals. Below is a list of pedals we've tested and can confirm compatibility:

### **Confirmed Compatible SPD Style Brands:**

- **Shimano:** All SPD style (does not include SPD-SL 3 bolt pedal/cleat systems)
- **Look:** X-Track series
- **Ritchey:** WCS XC, Comp XC, Trail
- **iSSi:** Flash, Trail, Flip
- **K-PEDC**
- **One-Up Clip:** Compatible ONLY with traction pins removed
- **Arclight PRO Clipless**

### **SPD Compatible brands with a high likelihood of fitment:**

- **Nukeproof:** Horizon CL, Horizon CS. - untested, not sure
- **Xpedo:** M-Force 8, Baldwin, CXR. - untested, not sure
- **Exustar:** E-PM215, E-PM222. - untested, should fit
- **Bontrager:** Comp MTB, Line Elite. - untested, unsure (looks the same as Giant below)
- **Giant:** XC Pro - untested, unsure

### **NO fitment:**

- **Wellgo:** WPD series

### **Incompatible Pedals systems (non SPD-style)**

- Look (Kéo System)
- Wahoo Speedplay (Lollipop System)
- Time (Icllic System)
- Time (ATAC System)
- Xpedo (Thrust System)
- Crankbrothers (4-Sided/Eggbeater System)
- HT Components (Proprietary H-System)
- Hope (Union System)
- Magped (Magnetic System)
- Look (X-Track - *Non-SPD variants*)
- SPD-SL
